

>>>> CUSTOM PUMPER

GSO 8565 | MAHONING VALLEY VFC, PA

The Mahoning Valley VFC built their custom rescue pumper on the Predator chassis in the MFD configuration. The unit features a top mount style pump panel with low access speedlays and customized storage in the pumphouse. The Challenger WB pumper body offers advanced storage capacity with 29" deep compartments and coffin style compartments in the upper hosebed area.
