

>>>>> PUMPER

GSO 8824 | ATLANTA, GA

The City of Atlanta has a number of KME pumpers in service. This pumper is part of a multi-year purchase agreement for pumpers and TDA's at the City and Airport Fire Departments. The Severe Service chassis is perfect for a high volume fleet department and the ISX-12 450hp engine offers plenty of power. The unit includes a 1500 gpm, two-stage pump, 500 gallons of water with a foam educator system and a 5 year maintenance and warranty plan.
