

CUSTOM PUMPER

GSO 9352 | PANTHER™ CHALLENGER DEMO

This KME Custom Pumper is available for immediate sale and combines robust multi-function capability with overall affordability. The Challenger WB body comes in (22) different body configurations with a wide hosebed design that provides maximum hose storage space. A 1500 gpm pump, 980 gallons of water with 20 gallons of foam and 29" deep compartments make this a great choice for full featured pumping and storage for tools and equipment.
